Miami people and the Rose interests seem to be far apart on railroad matters.

Columbus now seems to be the favored point for shops, etc., and a committee from that point is engaged in securing right-of-way from Columbus south.

Locally not much is doing at present.

Mining News.

J. W. Barnes who is drilling on the R. F. Hartley farm, one mile west of Baxter, has found good shins of jack in four holes and lead in the fifth. The drill is now in lead, cutting of which can be seen at the Hartley meat market. Mr. Hartley feels confident that a big lead of ore will be found in his neighborhood.

One of the biggest strikes yet made in the Oklahoma mining field was made on the L. L. Cardin land a few days ago, when 14 per cent ore was found in six holes on this land. Cuttings from the drill may be seen at the Hood Implement Store.

Homer Seals of Joplin is starting up the old White Eagle mill at Sunnyside.

Good dirt is being hoisted out at the Big Jack.

Pumping operations are being pushed at the Sweeny. Prospects are that the mine will be cleared by Friday, when a big force will be put to work.

A concentrating plant is being put up at the Myrtle.

The Mulberry people are waiting for a pump; too much water. Work is going on slowly at the Paradise. The workers are getting into good stuff, and will very shortly be getting ready for shipment.

Many carloads of mine supplies are being unloaded at Baxter and hauled to the mines to the southwest.

Diarrhoea Quickly Cured.

"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere. Adv.

The entire State of Kansas is now freed from quarantine for the foot-and-mouth disease, the order taking effect July 26. The same order frees the States of Connecticut and West Virginia, and limits the quarantine areas in Kentucky, Maryland and Virginia to stock yards at Louisville, Baltimore and Richmond. Five counties are freed in New York, four in Pennsylvania, and one in Illinois. There is now very little territory still under quarantine for this disease in the United States. Four counties in Illinois, three in New York, and two in Pennsylvania, constitute practically all that remains, with the exception of stock yards and isolated premises. In Kansas, the quarantine was confined at its worst to four counties.

Base Ball.

Last Sunday the Frisco nine pulled off one of the best ball games the people of this section have witnessed for many a day. The Hallowell nine with a clean record of no defeat in seventeen games, all dolled up in nice, new uniforms, were the victims, as the local team out played the visitors at every angle of the game. A big crowd attended. The score:

Hallowell—1-0-0-0-0-0-0-0-1
Baxter —0-3-0-0-1-2-3-1-x-10

There will be on game here Sunday as the team will play at Faulkner. The club management does not wish to take any one away from the Chautauqua, so cancelled a game arranged for here for August 1st.

Traveling Man's

Experience.

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere. Adv.
